OUR PROCESS

Intelzaa's working process

01

Gathering Information

Tell us everything you need, and we will come up with the plan.

02

Distributing the work

You will be designated your VA who will communicate with you and set the flow of the work process.

03

Getting the work done

See proven performance and data-based driven results.

Focus more on what you do best.
Let us do the time consuming tasks for you.

WHY CHOOSE US

Why should you hire a virtual assistant?

Imagine Alexa, but for your business.

We'll pair you with a proactive, tech-savvy, self-starter virtual assistant who excels at the monotonous tasks of your business. No long interview needed, just tell us which administrative tasks you would like to hand over and we will take over from there on. Your sole responsibilities are now an easy & collaborative effort!

1. **Save time**
2. **Cost-effective business scalability**
3. **Cheaper than full-time employees**
4. **Streamline your operations at affordable rates**
5. **Great for start-ups & mid size business**

This is how we make it easy for you

01

Ready For Launch

Get your business set up, plan your strategies, hire the right people and settle down for the ride.

02

Growing Struggles

As your business grows and flourishes, you might find yourself drowning in smaller tasks. This is where we come in.

03

Here To Help

Our virtual assistants are here to take over those mundane tasks and free up your time to focus on the bigger picture. We will work with you or your team around the clock to assist in tasks, big or small.

04

Back On Track

Say goodbye to busy work and hello to productivity! Let us handle the nitty-gritty, and you can rest easy about your business growing. It's a match made in heaven!

Client Testimonials

We have been working with Intelzaa since 2018. Over these last few years, our experience with them has been really great. Intelzaa has always been a huge creative support for us. Their quality content and prompt service make them one of the most reliable agencies to work with.

Nazifa Nuzhat

Brand Executive (Marketing). Ispahani Group

My journey of working with Intelzaa has been wonderful. It doesn't feel like Intelzaa is our vendor, rather we have been working like a team to build the digital platform of Well Food and Beverage Company Limited; one of the finest local bakery brands of the town

Let's get you started!

Confused about where to start with your VA?

When you are a small or mid-sized business owner, tasks such as email, social media queries inbox and calendar management can take up a lot of your time. Start small - we are here to eliminate the process for you and take over. You get to prioritise your urgent tasks and projects and gain back power on your work days.

Schedule a meeting with us to know how we can assist you to scale up.
